RACE AT LAKE WHITNEY.

West Side Club's Crews Compete—Alpha's Carry Off the Honors—Ladies' Night Last Night—Excursion by Moonlight To-night
There was a large throng at Lake Whitney yesterday afternoon when the West Side club's crews, the Alphas and the Yantics raced, the Alphas winning by about twelve seconds. The time made was 9 minutes and 12 seconds.

The winning crew, the Alphas, rowed very well for an amateur crew. They rowed in the following order:

WEST HAVEN NEWS.

A Pretty Wedding Last Evening at Rev. Mr. Squires' Parsonage—Personal Mention.

A very pretty wedding took place at 8 o'clock last evening at the parsonage of the Congregational church, the contracting parties being Miss Bessie Faye Carlin and Howard Allen Mix of the Yale Law school. The couple stood in the parlor, which was handsomely trimmed with potted plants and cut flowers, the work having been executed by the members of the bride's Sunday school class. In one corner a perfect bank of flowers was arranged. Rev. N. J. Squires tied the nuptial knot. The maid of honor was Miss Louise Carlin, a sister of the bride. The best man was a sister of the bride. The best man was Frederick A. Kendrick of West Haven. The bride wore a very pretty traveling gown. The couple are very well known and are prominently connected with the Congregational church. The wedding was to have been a very quiet one, but the news leaked out and the couple were pleasantly surprised at the parsonage by a party of young folks composed of members of both the bride's and groom's Sunday school classes. The members of the groom's class present were Mrs. N. A. Chase, his teacher, George Harvey Seward, George Tucker, James Mills, Fred Hendrick, George Hyde and Charles Davis. Her classmates present were Helen Wallace, Carolyn Smith, Martha Pardee and Annette and Norma Squires.

The couple left on the Richard Peck last night for New York. They go to the Catskills for about two weeks. On their return they will reside on Richards place. The young people gave a couple very rousing send-off, throwing rice and old shoes, tying ribbons on the carriage wheels and placarding the trunks.

FOOTBALL.

Opening of the Season—Chattles Succumb to the Waterbury Y. M. C. A. in This City by 5 Goals to 1.

The opening game of football under association rules took place yesterday afternoon on the grounds of the New Haven Thistles, who had as their opponents the team of the Y. M. C. A. of Waterbury. At 3.30 Campbell kicked off for the Thistles before a large crowd of spectators. The Waterbury boys at once took hold of the ball and by clean combined play ran it down to the New Haven goal; here a scrimmage took place, the ball being eventually sent down the field by Wilson. The backs of the Waterbury team, however, were on the alert and a well directed kick sent it in New Haven quarters again, where it remained for some time, but without any scoring. The New Haven team were playing very rugged and showed a want of good judgment when the ball came within their reach. Their opponents on the other hand were playing a clean, swift game, and this together with good combination on the part of the forwards kept them swarming round the New Haven goal like bees around a sun flower. This continued until ten minutes to the finish of the first half, when a swift shot by Kennedy eluded the vigilant eye of McKay and scored the first goal for Waterbury, two minutes later the same player again beat McKay and thus the game stood at finish of the first half, Waterbury 2 goals, New Haven 0. On resuming play the New Haven players started in with a vim that seemed to mean business and if the determination that sparkled in their eye meant anything, it seemed to say, "We shall do or die." For a short time they played an excellent game, and were rewarded a well earned goal, which was kicked by Wilson. On resuming play New Haven again assumed the offensive and kept the Waterbury backs busy returning the ball, from one of which Kennedy again sent it through the New Haven sticks. The remainder of the last half was a give and take nature, each goal being visited in turn by the opposing forwards. The New Haven boys, however, showed over anxiety in shooting for a goal and lost not a few golden opportunities to equalize, on the other hand the Waterburys kept as cool as a cucumber, as the saying is, and profited by scoring another two goals before the whistle proclaimed the game at end, the final result being Waterbury 5 goals, New Haven 1. The Waterbury men played a magnificent game from first to last and earned a well deserved victory. The New Haven team lacked combination and the forwards were devoid of coolness. Their play in the second half was a decided improvement on that shown in the first. Practice in combination on the part of the forwards is badly needed and Captain Wilson would do well to see to this before the next game takes place. After the game a banquet was tendered the visitors and a social time followed. The following are the teams:

Lot 2—of Snowy Damask, 68-inch bleached at 75c.

Lot 3—Etamines.—Lovely lacy looking curtain stuff, in pearl, pink, blue and ivory. Their gauzy delicate beauty is sure to woo the summer zephyrs in tastily arranged cottages. The width is 31 inches—the price, 18 cents.

Lot 4—Dotted Swisses.—Pure white. Short curtains surely could not be made from any more immaculate looking material. The man who sells says that they are worth 30 cents, but the price is 20 cents.

Bargain Table No. 1 again asserts itself, putting forth its price tickets with a power that almost commands you to stop and study its worth. 'Tis an old friend to you who watch it warily. Here's what you may expect Tuesday:
